

CURRICULUM VITAE

MURRAY LOVE

Proprietor of Love Your Grip Ltd.

I have 36 years of experience working as a grip in Films, Television productions and Commercials. Over these years I have mastered the operation of and collected a large selection of grip equipment.

I commenced work for TVNZ in 1981 as a television assistant (In-house Training Scheme), during this time I spent 2 to 4 months in sound, lighting, camera, OB, telecine, floor managers, and props departments. This gave me a thorough knowledge base and the experience to proceed further in the industry. I joined the lighting section on a full time basis so I could become a Grip.
